

December 14, 2020

Dear Muskeg Lake Cree Nation

Community Members,

At this time we will be lifting the restrictions at the security border stations regarding visitors. **Travel into the community is now open.** This means the border security will go back to:

- Supplying hand sanitizer/masks.
- Supplying information.

We still encourage families to continue to self-isolate. We understand your frustration, but we need you to know our

response to COVID-19 entering our community worked. **We have no new cases in the community and everyone who tested positive has fully recovered.** If you have any questions or concerns, please contact the Emergency Management Coordinator Jordan Rekve (306) 290-7353 or the Logistics Analyst Angela Manitoken (306) 371-1566.

Respectfully,

Jordan Rekve
