Should I be re-elected, I will renew my commitment to all members of our community. I will continue to work hard and advocate with the team of Chief and Council.

I would be honored to be able to continue on with our important work and keep up the momentum. We have many important initiatives that must be completed, we have our specific claims which must continue and come to a good solid and fair settlement. We need to think of our Children, Grandchildren, our Chapans' and the unborn. We need a solid foundation and I pledge to work hard and consult our community including our Youth and Elders.

Curtis D. Lafond

“Fairness, Respect, and Strong Work”

- ★ Child Welfare, and the passing of Bill C-92
- ★ The Development of Lake Pitihkwakew
- ★ Creating partnerships with outside agencies to support us with training for our members
- ★ Treaty protection
- ★ Striving to engage our Urban Members

LAFOND

During my three years on Council, I held the Health and Social portfolio, Employment & Training portfolio and also represented our community on the Employment and Training Advisory Services with the Saskatoon Tribal Council.

I have gained valuable experience and worked with a great team, Chief Wolfe and Council. While on Council I received the certificate in Board Governance, which enhanced my board room skills and provided opportunities to understand finance and good Governance. Separating Governance from Administration is important for a successful organization. We do not want to get “caught up in the weeds”, but instead focus on the bigger picture which is outlined in our strategic plan.
