PAUL W. LEDOUX (KEEK)

FOR *MUSKEG LAKE ON-RESERVE COUNCILLOR*

Building New Opportunities

Education, Economic Development, Treaties, Youth, Culture, Sports & Recreation

Education

As leadership, we need to "**advocate, recognize and honor our youth"** in their pursuit of academic achievement and excellence throughout all their education endeavors.

Economic Development

Create a short and long-term **Eco Dev Plan** that will represent our urban & on-reserve band membership in a transparent & accountable process to benefit our First Nation to develop and generate new employment, training, skills & trades, entrepreneurship, partnerships & other spin-off opportunities.

Protecting our Treaty & Inherent Rights

I will work hard towards **"Protecting and Promoting the Spirit & Intent of the Treaties & Treaty Rights"** for our band membership and future generations such as the Treaty Right to education, health and other benefits, programs and services.

Youth, Sports, Culture & Recreation

Establishing the **"Muskeg Lake Sports & Development Strategy** that will help support our athletes, youth and families living on-reserve and in the urban sector for various events such as the Sask Indian Summer & Winter Games, NAIG and other high level sporting and community and recreational individual and team based sports and activities etc.

We need to continue supporting all the cultural events and activities within our Community.
